16 how to submit the report electronically to Environmental Health. The Buehner Houses
17 failed to submit the report by the due date. On June 16, 2017, Environmental Health
18 sent an email notice to the Buehner Houses that its 2016 Annual Report was past
19 due. As of the date of this Citation, Environmental Health has not received the report
20 from Buehner Water System.

21 **DETERMINATION**

Completion of this form confirms that the Buehner Water System has received this Citation and understands that it contains legally enforceable directive(s) with due dates.

All submittals required by this Citation, with the exception of the 2016 Annual Report shall be electronically submitted to the Environmental Health at the following address.

Waleed Yosif, R.E.H.S.

w Yosif@envres.org

The subject line for all electronic submittals corresponding to this Citation shall include the following information: Water System name and number, citation number and title of the document being submitted.

The Environmental Health reserves the right to make such modifications to this Citation as it may deem necessary to protect public health and safety. Such modifications may be issued as amendments to this Citation, and shall be deemed effective upon issuance.

PARTIES BOUND

This Citation shall apply to and be binding upon Buehner Water System, its owners, shareholders, officers, directors, agents, employees, contractors, successors,

1 and assignees.

2 **SEVERABILITY**

11 but not limited to, failure to correct a violation identified in a citation or compliance
12 order. The California SDWA also authorizes the Environmental Health to take action
13 to suspend or revoke a permit that has been issued to a public water system if the
14 system has violated applicable law or regulations or has failed to comply with an order
15 of the Environmental Health; and to petition the superior court to take various

The petition shall be accompanied by a statement of points and authorities of the legal issues raised by the petition.

(c) The evidence before the state board shall consist of the record before the deputy director and any other relevant evidence that, in the judgment of the state board, should be considered to implement the policies of this chapter. The state board may, in its discretion, hold a hearing for receipt of additional evidence.

(d) The state board may refuse to reconsider the order or decision if the petition fails to raise substantial issues that are appropriate for review, may deny the petition upon a determination that the issuance of the order or decision was appropriate and proper, may set aside or modify the order or decision, or take other appropriate action. The state board's action pursuant to this subdivision shall constitute the state board's completion of its reconsideration.

(e) The state board, upon notice and hearing, if a hearing is held, may stay in whole or in part the effect of the order or decision of the deputy director.

(f) If an order of the deputy director is subject to reconsideration under this section, the filing of a petition for reconsideration is an administrative remedy that must be exhausted before filing a petition for writ of mandate under Section 116625 or 116700.

Subject: EAR Reporting 2016

Dear Buehner Houses, Buehner WS, Buehner Weber:

Your water system is required to complete electronic annual reporting (EAR) to the State Water Boards. Below is information provided by the State Water Boards on access, registration and passwords. EAR submission is due by April 30, 2017.

It is again time to report to the State Water Resources Control Board's Division of Drinking Water (DDW), formerly the California Department of Public Health (CDPH), on the operation of your public water system during the past year (2016). This annual report is intended to provide DDW with updated information regarding your water system, including contact information, population served, number of service connections, modifications made in the previous year, etc. Your accurate and timely completion of this report is appreciated.

The 2016 electronic Annual Report to the Drinking Water Program (2016 eARDWP) is due to be submitted by April 30, 2017.

Since 2010, DDW (CDPH at the time) has instituted procedures for submittal of the annual reports in an electronic format via the eARDWP Portal website. Please note that if you have previously registered for access to the eARDWP website, you do not need to register again to begin completing the 2016 eARDWP. Simply login to the eARDWP Portal using your user name (email address) and password; then go to the MY EAR REPORTS tab. Each previously submitted report will have a link on this page. At the bottom of the page is a link to start the 2016 eARDWP.

To access the eARDWP online page, please go to the following link for our DRINC Portal at <http://drinc.ca.gov> and then select the Electronic Annual Report link on the left-hand side of the page or go directly to <http://drinc.ca.gov/ear/>. You may find that some of the report is "pre-populated" with information from our Safe Drinking Water Information System (SDWIS) database. Please check this information to make sure it is still correct and current. To assist you in completing this year's report, you can also pre-populate each section of the report (except for the Water Supplied, Water Rates and Deliveries, Improvements, Complaints, and Conservation sections) with information from last year's report by clicking "Prefill this Section" on the left-hand side just above the section tabs.

Within 3 to 5 days after you have added the new water system to your list, and we have reviewed your registration,

you will receive an email to allow you access to start a report for that new public water system(s). You may begin creating the 2016 eARDWP for any water systems for which you have prior approval while you are waiting for the approval for the newly added water system.

Any documents that you wish to accompany the eARDWP must be submitted to the water system's local regulatory agency. For a map identifying DDW District Offices, please click **HERE**. For contact information of county environmental health agencies, please click **HERE**.

This year, we are again providing a Frequently Asked Questions (FAQ) posted on the eARDWP portal. We strongly suggest that you read the FAQ before starting a report. You do not need to be logged in to view the FAQ. If you have any questions that are not addressed in the FAQ related to the 2016 eARDWP, please contact your local regulatory agency or send an email to **DRINC@waterboards.ca.gov**.

You can continue to edit, or if you have not done so create, your service area boundaries and enter them in the Drinking Water Systems Geographic Reporting Tool, also known as the Water Boundary Tool. The Tool could be accessed through the DRINC Portal website or directly at **http://cehtp.org/page/water/main**. This web-based tool is designed to produce high resolution, digital maps of drinking water system customer service areas for the entire state of California, to assist water systems in digitizing their customer service area boundaries and identifying their neighboring systems, and to create a geographic information system (GIS) layer useful for emergency preparedness, for public health prevention and response, and for public health research.

Thank you for your cooperation in completing the Annual Report.
